Tess Trogen  
Pantastic X Perience  
Felicia Monroe  
Divigne  
Geena Tonic  
Father Fellatio  
Griselda Glitterbox  
Sara Naidmee  
Michael Blackledge

Welcome and Happy New Year <3 People have been traveling, avoiding bad weather, catching up on rest and some work...so let's share some love and JOY around the table! It's great to be back together as a house!

We did have an AMAZING time blessing the Mr Indiana Leather competition this past week – thanks to Felix/Gaysha and Pantastic X Perience for writing a beautiful blessing and to all the Sisters who helped deliver it to the fabulous audience! It was absolutely appreciated.

Everynun in the house and across our LGBTQ+ networks seem to be feeling the Trump Slump in the wake of the election and national news. Some talks of protests and actions, but nothing too concrete. We will keep our eyes and ears on our networks and social media for places the Sisters may be able to help.

Right now, we all sense that spreading JOY and love is more important than ever – and a feeling that this year's Pride season might be bigger and more visible here in Indiana both for our community as well as for protests. In preparation, we can plan where/when we know we will be in attendance (though other events may pop up on us), gather some materials/info to distribute, expand our alliances, and keep recruiting more for ICS to grow in strength and numbers.

January/February are fairly inactive months across the state b/c of bad weather, so the more work we can get done now on our foundational documents, the better off we will be for progress towards becoming Fully Professed. Sister Pantastic X Perience is going to write up by-laws and Policies and Procedures as her novice project, though she is asking for help editing/reviewing once completed. Thank you Sister Panty <3

Our house is putting together a workshop proposal for the Hoosiers OUT Together conference at Purdue University in March/April, 2017 – a new statewide LGBTQ+ Conference looking at past/present/future experiences of the community and activism. Our workshop will be a panel of Sisters sharing general Sistory as well as info specific to ICS followed by a Q&A discussion between the audience and the ICS panelists. Space is limited in this conference, so we are hoping that our proposal is among those selected as education is a critical part of our mission and this project is something we wish to expand upon if it is successful given the network of universities near us.

Upcoming Manifestations:

Women's Rally in solidarity with Washington DC  
Glitter ceremony at Guard Geena's house in Lafayette  
Sisters are traveling up to Detroit and will manifest with the Motor City Sisters

NEXT MEETING: TBD
